Spike awoke from his day sleep it was nine pm he couldnt believe he slept four hours after

sunset, Buffy was not beside him and he heard voices coming from their apartments

living room. He pulled on his jeans and walked down the hallway towards the lit up

living room. He walked in and saw Angel, talking with Buffy and Willow. Spike growled

his face shifting from human to demon, he launched himself at Angel flipping him over

the couch. "Spike..... No!" Buffy said. He hit Angel in the face over and over again but

he realized Angel wasnt fighting back. "Bloodyhell." He swore and went back to the

bedroom. "Well that went well." Buffy said chasing after Spike, she went to the door

and tried to open it but it was locked. "Spike I can explain." Buffy said. "Hes back so this

means your done with me right slayer?" Spike said from the other side of the door. "No,

Angel is with Willow." Buffy said. The door swung open, "What?" He asked. "Willow

got him out of hell and they realized their feelings for each other." Buffy said. "Oh ducks

im so sorry, I went off like some bloody sod." Spike said hugging Buffy. "Its ok you didnt

hurt him that bad just roughed him up a little." Buffy kissed Spike, she had a belly now

from her pregnancy but she was still as beautiful as the first day he saw her. Since the

first time she kicked his ass, he followed her back to the living room to see Willow on

Angels lap wiping at his bloodied lip. Spike glared at Angel and he glared right back it

was not happy reunion between the two,

"Pet what did Giles say today about the babys?"

Spike asks walking into the small kitchen looking for some pigs blood he finds it and

pours some in a coffie mug popping it into the microwave.

"He said its too risky to go to a

regular doctor the hospital could ask questions we couldnt answer, he told the watchers

council all about it and their arranging for a doctor in Los Angelas to see me." Buffy said.

"So do the watchers trust me?" Spike asked a grin on his face.

"No you scare the shit out of them, but so do I so were even." All of them started to

laugh. Angel glared at Spike still,

"Pet maybe I should go until your friends leave." Spike

said nodding at Angel and Willow.

"Dont be silly Spike sit down." Angel said a smirk covering his face.

Giles sat in his office in the library flipping through the pages of a dust covered book

when he thought he heard footsteps in the hall. He walked to the double swinging doors

and peaked out in the hallway no one was there. "Buffy?" He called out, but no answer

came. He walked back into the library and saw a huge seven foot demon with a black

hood and blue skin.

"Du Vault I thought I told you never to come here again." Giles said.

"You cannot ignore the deal you made with me." Du Vault says.

"You are to bring me the slayers children." Du Vault says.

"I brought Jenny back to you, shes sleeping in your basement at home, not its your turn to

full fill the bargain." Du Vault twirled in circles yellow smoke filled the library and when

it cleared he was gone. "What have I done?" Giles asks.

"No shit he really said that?" Spike says laughing at Angel

"Yeah satan wanted Willow as his sex toy." Angel said grinning.

"Willow I bet you felt so honored." Buffy said sitting next to Willow.

"Well demons have a thing for me what can I say?" Willow said blushing.

Spike sipped his steamy pigs blood, he couldnt believe him and Angel were now getting

along so good, Angel was like a father to him. He was his sire and he had taught Spike

alot, he loved Angel like a father even though he put him through such misery. Just then

someone knocked on the door Buffy opened it to see Giles a very worried looking Giles.

"Buffy, Spike, ANGEL!, Willow." Giles said.

"I kinda brought him back from hell." Willow said.

"All by yourself?" Giles asks walking into the room.

"Amy helped." Willow said.

"Anyway Buffy I did something very wrong and I deserve to die." Giles said.

Spike didnt like the sound of this,

"During the summer I read the prophecy about the twins your having, then I read about a

demon Du Val who whould want the twins, I made a deal with him if he brought Jenny

back I would give him the children, but Jennys not herself shes vicious and some kind of

creature I dont know what she is." Giles says. Buffy moved quickly and grabed Spikes

neck before he could hit Giles. She held him up by his neck, "No Spike I understand why

he did it." Buffy said. "Bloodyhell those are my children how could he do something so

stupid?" Spikes face went back to his human form. "Oh uh....pet.....ducks can you put

me down?" Spike asked. She sat him on the floor. "I need a fucking cigarette." Spike

said. He pulled a cigarette from his pocket and Willow grabed it, "No the babys cant

breathe that stuff." Willow said. "Ill be outside then." Spike walked outside.

"He has a very short tempor do you trust him Buffy?" Angel asked.

"Of course I trust him, I love him." Buffy answered.

"But did you say the way he was gonna attack Giles?" Willow said.

"If I had a short tempor like Spike I would have staked Giles for making that deal." Buffy

said. "Oww." Buffy moaned.

Spike ran inside to Buffy,

"The babys their coming." Buffy said.

They all sorrouned Buffy, Spike raised her skirt.

"Uh....Spike this is how she got pregnant." Willow said.

They laughed but Spike didnt he growled.
